This is the Time to Remember

"We walked on the beach beside that old hotel
They're tearing it down now, but it's just as well
I haven't shown you everything a man can do
So stay with me, baby, I've got plans for you

This is the time to remember
'Cause it will not last forever
These are the days to hold on to
'Cause we won't although we'll want to

This is the time . . . But time is gonna change
You've given me the best of you
But now I need the rest of you . . . "

Some kind of miracle that I survived
Someday we will both look back and have to laugh

I know we've gotta move somehow
But I don't want to lose you now ..."

"

. . . Sometimes it's so easy to let a day slip on by
Without even seeing each other at all
But this is the time you'll turn back to,
And so, will I
And those will be the days you can never recall . . . "

▲Rodney Lukowski

This is the Time to Remember

"

. . . And so we embrace again behind the dunes
This beach is so cold on winter afternoons
Ah, but holding you close is like holding the summer sun
I'm warm from the memories of days to come

This is the time . . . but time is gonna change
You've given me the best of you, but now
I need the rest of you."

This is the Time to Remember . . . Mr. Robert Bombard

Mr. Bombard,

It is to you that we, the class of 1991, dedicate our yearbook. As we approach the first great transition in our public lives, you approach the last. God grant that we may be as successful in our chosen professions as you have been in yours. Not only to us, but to a whole generation of young people who came before us you have been Mother, Father, Teacher and Friend. From our academic and vocational teachers we learned English, Science, Math, Drafting and Carpentry. From you we have learned Life, for you have provided us with a role model upon which to base our approaching adulthood. You have been there when we needed you to fill in the gaps in our understanding of the world. You have laughed with us, cried with us, revelled in our triumphs and empathized with our defeats. You have given much and asked for little in return except that we succeed. We wish for you in your retirement health, happiness and the secure knowledge that as we go through the adventure of life you will be with us both in our lives and in the stories we tell our grandchildren.

The class of 1991

Robert Bombard, we the faculty of Tantasqua Regional High School, salute you. Though we have not always agreed with you, we have always recognized your devotion to duty and your steadfast humanitarian approach to the education of young people, and we are proud to call you Brother. Your passing from these hallowed halls symbolizes the end of an era. Be assured that though you may not be among us in body as we go through the daily routine that is Tantasqua, the inspiration of your tenure here will remain as long as there is a Tantasqua. They say that no one is indispensable, and that is true. But there are a select few among us who are irreplaceable. You, Bob, are one of those select few. We will miss your leadership, your compassion, your eloquence, your good humor and your wit. You will be remembered with fondness by many and respect by all. And for those of us who were closest to you, the legacy of your friendship will continue no matter where life takes us or what paths we choose, for we are better human beings just for having known you.

Cicero said, "As I approve of a youth that has something of the old man in him, so I am no less pleased with an old man that has something of the youth. He that follows this rule may be old in body, but can never be so in mind." As you pass into your retirment years we are sure that this wisdom from antiquity will be as applicable now as it was some two thousand years ago. Good-bye and good luck. May God bless you and keep you. May God make his countenance shine upon you and grant you Peace. Thank you for being you.

The faculty of Tantasqua Regional High School

What does one say about a man who has been colleague, neighbor, advisor, confidante and above all friend for more than thirty-five years?

He is often gruff and boisterous and appears unfeeling and uncaring but that is only to those who don't know the real Bob Bombard. Those many hurt, baffled, wounded, tearful, terrified children and even adults who have sat in his frigid office, the writer included, know differently. He is always there, with a sympathetic ear for the wayward waifs of our school society or society at large for that matter, for many times I have been present when his remarkable compassion was evidenced when people outside the school community were recipients of his largesse.

There is, however, a private side of Bob Bombard that few know and I consider myself privileged to be one of those who know some of the other facets of this complicated man. He is an omniverous reader whose intellect has few equals among his peers. The depth and breadth of his knowledge is often known only to those who have had the pleasure of intimate and spirited dialogues with him. His views on man and his fallibilities are most often ameliorated by his vast knowledge of human frailty throughout history and literature. How often my own students would respond when he would make one of his frequent appearances into my classroom and we would be off. Lively arguements would ensue and the kids would love it. But more importantly, real learning would take place.

As the reader has by this time ascertained I am talking about a dear friend. He is a man who I have known through triumph and tragedy in both our lives and our friendship has not only endured but thrived. He is always there when I need him. His infectious and wonderful sense of humor allows him to see the humor in almost any human situation. And, as he and I both agree, without a sense of humor life is mundane, especially if one cannot laugh at the human comedy. Not only can Bob laugh at the rest of the world but also at himself, another quality which endears him to me. But the character trait which I admire most in Bob is his integrity. I know or have known few people in my lifetime as completely honest as Bob Bombard is. He speaks his mind honestly and intelligently, a trait that few human beings consistently demonstrate. He is a truly honest man.

I consider it one of the great experiences of my life to have known Bob Bombard and even more importantly to be able to call him friend. Have a great retirement, Bob. You and I still have much to do.

With love and admiration,
Ken Blake

▲So that's what he does all day!

▲That'll be three days, and I'll see your parents on Monday.

This is the Time to Remember . . .

Seniors

These are the Times

I know we'll be friends for life
Sharing our dreams together

As we walk down the road
We'll never think twice

Though we're off to different worlds
Somehow we're together

Though we're never far apart
We'll always have those
Things we did together

With happy tears we cry
As we search for the sky . . .

NIKE

THE TIMES THEY ARE A CHANGIN'

memories

We will live by a code to stand side by side

Yes dreams do come true
it's up to me and you

When we look back on all
Those times

Happiness will shine through
These are the times to remember

The memories will last forever
These are the times.

"This is the time" in our yearbook that we honor the scholars of TANTASQUA. Each year, we single out the top ranking boy and girl in the senior class, and commend them for all of their academic achievements here at TANTASQUA.

This year's students are extremely motivated and gifted people. They are both respected immensely by their peers and teachers alike. Not only are they proficient academically, but each is involved with many activities.

Lori Jensen, the top ranking senior girl, hopes to attend Worcester Polytechnic Institute in the fall of 1991. She was the editor of this effort, the yearbook, both in her junior and senior years. Lori is very involved in Concert Choir, Concert Band, and Jazz Band; and she was Secretary of the TANTASQUA National Honor Society this year. She is admired by her family and friends for all of her academic successes as well as her extracurricular activities. She takes on a task such as editing the yearbook with such ease, that it is no wonder she has breezed through TANTASQUA with flying colors.

Dan Heller, the top ranking senior boy, is looking to attend Yale next fall. Dan presided over the National Honor Society this year, and has participated in many other groups as well. He was the treasurer of the TANTASQUA Student Council his junior and senior years. Dan has also been actively involved in our music program, including Concert Band, Jazz Band, Concert Choir, and Choraleers. Dan will be remembered for his outgoing personality, and his positive approach to all endeavors.

So, as you leave Tantasqua this year, take with you your personal gifts and our admiration. We know you will make Tantasqua proud, and may all the times of your life be THE TIME.

Sincerely,

Betsy Kalber

FACULTY

To Those We Will Remember

In the green September we arrived,
The golden playing fields beckoning us.
The school, mellow and welcoming in the
Contours of the land.
We were young and ready for this step.
Thoughts of games, proms, and graduation
Filled us.
Math, language, and science we could do.

The green turned to gold and then to white.
We laughed and talked of concerts and skiing.
Our studies were harder now but there was
Someone to lend a hand.
Not noticed in those early days but now
The faces we have come to rely on.

Then the land was green again.
We returned to the fields to play.
In the long glowing afternoons
Achievements, SATs and Finals sobered us.
On and off the fields there was always
Someone cheering for us.

Three times the cycle has come round.
This will be the last of our laughter in
The halls, the friendship in the class and on
The fields.
Through it all there has been a friend to
See that the promise of our first September
Was fulfilled.

The path you helped us find now leads us away.
But in the golden glow of each green
September we will pause and think of you.

IN RECOGNITION OF OUR TEACHERS

"A teacher affects eternity; he can never tell where his influence stops." — Henry Brooks Adams 1838-1918.

"The true teacher defends his pupils against his own personal influence. He inspires self-trust. He guides their eyes from himself to the spirit that quickens him. He will have no disciple." — Amos Bronson Alcott 1799-1888.

"Delightful task! To rear the tender thought, to teach the young idea how to shoot." — John Dyer 1700-1758.

"The whole art of teaching is only the awakening the natural curiosity of young minds for the purpose of satisfying it afterwards." — Anatole France 1844-1924.

"No bubble is so iridescent or floats so long as that blown by the successful teacher." — Sir William Osler 1849-1919.

Faces from the Past

We know that you had more hair,
And that less lines were there.

The silhouette has become more pear,
And activities are favored that have less dare.

But to us you are unique, still fair,
You are ours and we care.

Underclassmen

For the seniors at Tantasqua, this is the time to remember their teachers, their friends, and their high school memories as they leave our school to start a new life in the 'real world'. But for the juniors and sophomores at Tantasqua, this is the time to remember the wonderful year we have had and to move on and strive for the excellence we will need when we are seniors. We are making the memories we will later cherish.

As the seniors move on, we the underclassmen will try to fill their spaces and make our own memories. We will be challenged by our classes, and enlightened by our teachers. We will be amused by our school activities and excited by our futures and come this time next year, the new underclassmen will be wishing us luck as we move on. Cherish the days you have here now. These will soon be the times to remember.

CARPENTRY SHOP

To be able to supply the "necessary" tools and materials to my students which will enable them to learn the Carpentry trade adequately.

While learning the trade, I hope they will learn to be well rounded individuals, enabling them to cope with an ever-changing and most difficult society.

To complete a 4 year course of study with the highest degree of achievement possible. This is what I hope to accomplish as a teacher in the Vocational Educational Department.

Mr. Ludecke

This is the Time to Remember . . .

ELECTRICAL DEPARTMENT

I hope that all of our students reach their full potential, whether in the world of work or attending a Technical school upon High School graduation.

My goal as a teacher in the Voc. Dept. is to see the Voc. school expand to include other trade areas. This would greatly increase the opportunities available to our students.

I hope that *my* students become gainfully employed within the electrical industry *OR* that their training sparks interest in other areas that could provide employment. The ultimate accomplishment for our graduates would be to become active, contributing members of society.

Mr. Bracken

The ultimate goal of the Tantasqua electrical department is to train our students to be the finest electrical apprentices available to the industry.

Our desires for these young people are that they absorb as much knowledge as possible pertaining to their chosen trade, so they will become viable assets to their future employers as well as themselves. And in doing so, we hope they will become productive parts of the economic structure of this society.

Mr. Manseau

This is the Time to Remember

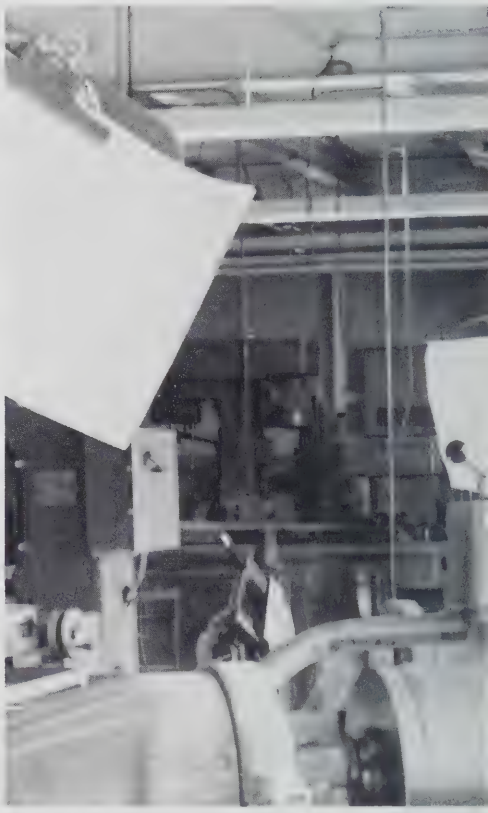
MACHINE DRAFTING AND SHOP

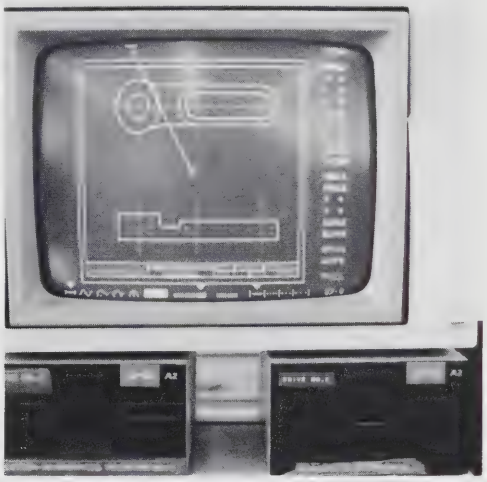
To bring machinery up to 1990-2000 standards instead of 1940-1960. To bring Voc. students closer to academic students socially, dress up the shops so they are not so gloomy, and work more on *Real World* machine shop projects.

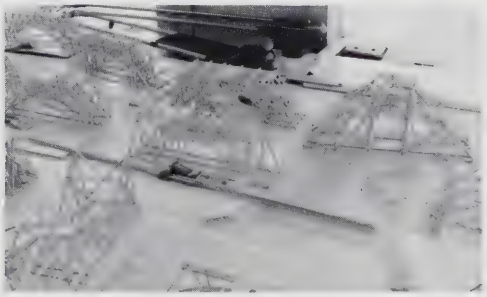
To instill in them the need to be problem solvers, to set goals, to seek out challenges and not avoid them.

To earn a good living, raise a family, and continue to learn all through life.

Mr. Rousseau





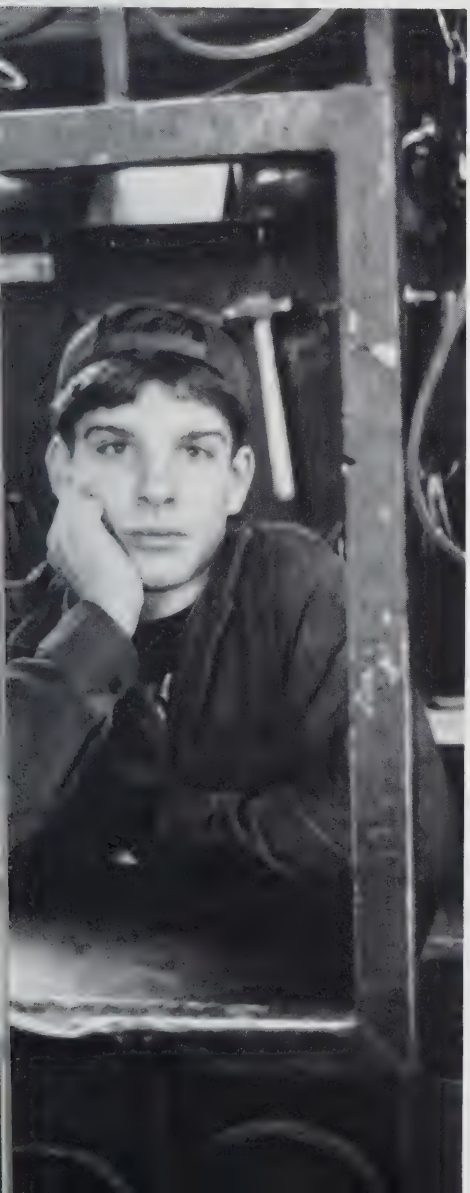


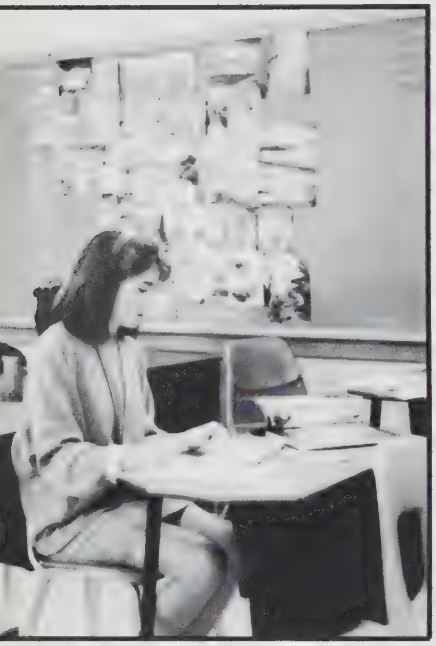
This is the Time to Remember

WELDING SHOP

The main goal of this department is to train young men and women for entry-level positions in the welding and metal fabrication industry. We also want to promote and develop the physical, mental, social, emotional, and moral well-being of its participants in the trade area.

We desire nothing but the best for our students, hoping, that with all the training given to them, they may become useful citizens, excellent parents, and an accepted part of the workforce in today's society.





the Class of '91

Our Athletes

Tantasqua athletes strive every day to represent themselves and our school very well. Regardless of their records, all of the teams give their best effort to their meets, games and matches, and are rewarded with the satisfaction of a job well done. But make no mistake, the Warriors love to win, and this year THS continued to Rock the House!

VARSITY BASEBALL

The 1990 Varsity Baseball team, coached by Mr. Foley, enjoyed a fine season, finishing at 13-7 and qualifying for the District Tournament for the first time in six years. They had a Border Conference record of 7-5.

Ken Keyes led the team in three categories: hitting (.375); home runs (3); runs batted in (19). Joel Mueller was second in batting (.367). Daryl Freeland led the team in hits (24), fielding percentage (1.000), and batted .358. Herby Grignon led the pitching staff in earned run average (1.24). He also had a record of 4-2, pitching against all tough opponents. It is not surprising that all four were selected to the Border Conference All Star team.

The turning point of the season was a 2-1 victory over Division III Central Mass. champion, Quaboag. Herby Grignon pitched a one hitter striking out twelve to earn the win. This victory propelled the Warriors into the Districts as the team went on to win five of its last seven games.

Although losing some key players through graduation, most of the team is returning, and some J.V. players should be able to step in and fill some vacancies. The outlook for next year is promising.

VARSITY SOFTBALL

The 1990 Girls Varsity Softball team had an outstanding season. Kate Roy and Nicki Jolie, the softball captains, led the team to victory, finishing second in the Border Conference with a record of 6-6. Their regular record came to 8-11 and they finished the season with an overall record of 8-12. The team did qualify for Districts, but only to be defeated in an extremely exciting game against Leominster.

Kate Roy threw the second no hitter in the history of Tantasqua, against David Prouty. Cristy Benson and Deb Levesque both were Border Conference All Stars. The valuable team members included Carla Benson, Jen Porter, and Nicki Jolie.

The best and most memorable game was against Shepherd Hill, defeating them 4-1. The team lost many great players last season but has many others willing to get out there and fill the slots.

The 1990 season marks more than just the loss of many fine seniors. Mr. Emrich, the nine year coach of softball and twenty-seven year coach of baseball, is giving up his varsity coach position this year. The past nine years are "the most enjoyable years I've had!", he says. He wasn't the only one to enjoy these years however. Mr. Emrich led his teams with a firm hand and a warm confident smile. The 1990 softball team finished their season with a bang! We'll never forget the man that made it all possible!

TRACK

The Tantasqua 1990 Track team had a very nice season last spring. Although they did not win many meets, there was always a positive atmosphere presented by the team members and the coaches.

Mary Duane coached the boys' team, finishing with an overall record of 3-8 and a Border Conference record of 0-3. Steve Kelly was coach of the girls' track team. They finished their season with an overall record of 1-9- 1 and a Border Conference record of 1-2. John Folger and Mike Blanchard were captains for the boys, while Heather Dunn was the girls' captain.

Through the season, specific team members definitely shined. Both the boys' and girls' teams produced All Stars, Mark Buffone and Heather Dunn. Mark Buffone, excelled once again, by coming in fifth in the Districts, running the mile. Mark Auger, for his first year of track, came in fourth in the 120 hurdles in Districts. Last, but not least, is Mike McGrath, who placed fifth in the discus Districts.

Many strong athletes will be returning to track this next year, promising a strong season.

J.V. BATTERS

Mr. Lagerstrom coached the Girls J.V. Softball team last spring. They ended the season with an overall record of 9-16.

Their captain Stephanie Brodeur, helped lead the team in a good season. Another player and, the most valuable, was Lori Hoenig, who played exceptionally well.

The game against Auburn was the most memorable. They got five runs in the seventh inning and ended up winning the game. A home run by Deena Rokes was scored in that game.

They will be unfortunately losing their coach this year, like the Varsity Softball. We will be sad to see him go, but know the Tantasqua Girls J.V. Softball team will keep right on moving full speed ahead with their new coach for next season!

The 1990 J.V. Baseball team finished their season with a 11-8 record. Their new coach, Casaceli, certainly proved his worth, and the team's losses were always by narrow margins.

Their excelling players included Lee Mantha, Adam Jeskey, and Colin Hanley. They'll lose a few of their vital players to the varsity, but we hope the Junior High will supply new players to try and fill these positions. We hope they'll continue their great job next year, as they reconstruct their team, once again.

GOLF

The 1990 Varsity Golf team was coached by Mr. John Keenan, ending the season with an overall record of 6-8, and a Border Conference record of 3-5. It was a good season. "We were competitive in most matches and lost a number of very close ones," remarked Coach Keenan.

The team's All Star was Mike Seremet. J.J. Repasky also stood out, playing in the District Tournament, although he did not make the cut.

The golf team's Auburn match at home was definitely the most memorable. They became the spoilers in the Border Conference by defeating Auburn, allowing Shepherd Hill to take the lead. The Warrior Golf team ended their season strongly, representing Tantasqua well, by receiving the Sportsmanship Award.

VARSITY TENNIS

GIRLS TENNIS

The Tantasqua Girls Varsity Tennis team enjoyed a victorious 1990 season coached by Judy McDonald! Laura Morris, Katie White, and Jen Fox showed strong leadership as captains. The team's record for the regular season was 15-2. They finished with an overall record of 16-3, standing on top as Border Conference Champions with a 10-0 record.

Both matches against Shepherd Hill were very close with scores of 3-2. The last match of the court decided the outcome of the matches and the Border Conference title.

The District quarterfinals were against North Middlesex at Tantasqua. The Warriors won 3-2 to advance to the semifinals against Wachusett at Holy Cross. Unfortunately, we lost 0-5 to Tournaments number one seed.

All Stars were the outstanding players Laura Morris and Betsy Ullery. In the Individual Districts, Laura Morris reached the quarterfinal of the tournament in singles. This was the furthest a single player had ever gone at Tantasqua under Coach Judy McDonald. Honorable mentions go, once again, to Laura Morris and Betsy Ullery, who each, in a different match, scored a point off Notre Dame for the first time ever.

All in all, the 1990 season was a very successful one. "We should have been rebuilding due to the loss of six team members," states coach McDonald, but "this year's team stepped in and did a fantastic job by winning the Border Conference and being seeded fourth in the District Tournament in Division I. Great job!"

BOYS TENNIS

The Boys Varsity Tennis team was coached last spring by Gary Ward. They had a very strong and positive season, finishing with a regular season record of 8-3, Border Conference record of 4-2, and an overall record of 8-4. The team qualified for District play, but lost in the first round to St. Johns, 0-5.

Their captain was Adam Gaudette. Outstanding players Eric Moriarty, Dan Heller, and Adam Gaudette were this year's All Stars.

They enjoyed an overall good season and we look forward to their future accomplishments!

VARSITY BOYS SOCCER

The varsity boys soccer team had a strong season this year once they really got started in the victory over North Brookfield, The team continued to play hard, although they were hampered by several unfortunate injuries, such as senior Mike Bouvier's broken nose.

Although the team did not qualify for Districts, the season was well supported by fans, especially those games played under the lights. Captains Todd Malvey and Shawn Palmer pushed the team, and with excellent results. Seniors Mike Bouvier, Todd Malvey, and Sean Zukowsky were chosen as Border conference All Stars.

VARSITY GIRLS SOCCER

Even though the varsity girls soccer team didn't have a winning record, all of the girls played like winners and never gave up. The team finished the season at 5-12-1 overall, with a league record of 0-6. Coach Duncan feels that they will miss captains Heather Dunn and Amy Grueter next year, but have some excellent raw talent and great potential for next fall. Heather Dunn lived up to her title as Class Athlete by being selected as a Border Conference All Star.

JUNIOR VARSITY SOCCER

The junior varsity boys soccer team had an outstanding season under the coaching of Mr. Wilson. The team maintained a steady pace, to end the year with an overall record of 9-6-3 and a league record of 5-3-2. The team had six shutouts, and gave up only 25 goals, while scoring 30. Coach Wilson is optimistic for next year.

The junior varsity boys soccer team also fared well, winning almost half of their games in a tough division. Another six shutouts were tallied in their overall record of 6-7-4.

VARSITY FIELD HOCKEY

The field hockey team's scoreboard doesn't reflect the true success of this team. Despite their overall record of 2-14-2 and the league record of 2-4-2, many of those games were very close and really could've gone either way. Although the team will be losing several seniors to graduation, junior players saw a lot of playing time and are prepared to bring the team even further next year.

The team was led by experienced players and captains Cheryl Lindsay, Catherine Mangion, Katie McConville, and Christy Benson. The team was not eligible for post season play, but still managed to produce Border Conference All Stars Cheryl Lindsay and Becky Dupre.

CHEERLEADING VARSITY

Tantasqua's cheerleaders are important yet often underestimated athletes. Although it is not a sport with regular competitions, the superiority of our cheerleaders is often the supportive boost that Tantasqua's other teams may need to win a game. The cheerleaders, led by captains Amy Johnson, Alicia Mickley, and Katy Mayette, practice for long hours after school, and do very well at the competitions they do enter. Keep up the good work!

FOOTBALL

Coach Phipps's football team started out strong, with a victory over David Prouty, but struggled for most of the season. After a disappointing loss to Southbridge, however, the team rallied to finish the season with resounding victories over Auburn and Shepherd Hill. The team ended the season with a league record of 2-2 and an overall record of 4-6

Despite the team's struggles, captains Eric Johnson, John Gunagan, and Daryl Freeland kept spirits high. The team boasted four Border Conference All Stars Eric Johnson, Daryl Freeland, J.P. LeBeouf, and Ed Guevarez. We wish them the best of luck next year!

Activities

Although the students at THS have to dedicate large portions of their time to their studies, they also find plenty of time for other school activities. The spirit of Tantasqua is more than that of just a school. In fact, the feeling of family pervades the halls even more strongly after the 2:00 bell. In the five town community there are few places for teens to gather and socialize, so many take full advantage of the opportunities at the high school. As strange as it may sound, it is not unusual for students to stay after school for a meeting, go to supper together, return for a late night rehearsal, and not get home from school until eight or nine o'clock at night! These activities build character in the students and form strong ties between them that will last a lifetime.

CHORUS

This year's chorus maintained the level of performance that it has always worked hard to achieve. Although the budget difficulties reduced the music program to one teaching position at the senior high, both the chorus groups and the bands showed their true strength by accepting this new challenge. Despite the doubled load, Mr. Randall and his vocalists found the time to put on a production of Amahl and the Night Visitors, starring Katie Hart and Marie Carpenter, and Bye Bye Birdie, featuring Mark Auger, Colin Hanley, Heather Roymans, Shawn Palmer, Nadine McLean, Deb Blanchard, Betsy Ullery, Jeneen DiBenedetto, and Betsy Kalber. The group continued participation in Quabbin Valley and ACDA. Singers Colin Hanley, Molly Burns, Dennis Boragine, Marie Carpenter, Erin Paquin, Katie Hart, Pat Porter, Mark Auger, Chris Robbins, and Jeff Chapdelaine were selected for Districts. Senior Colin Hanley and freshman Molly Burns received All-State recommendations, but Colin was the only All-State representative chosen for THS.

Although the chorus and the band received the most publicity, they are not the only creative or artistic minds in the student body. We are reminded of this every year at the school's All Arts Day Festival, which serves both to preview the Pops Concert and display all of the works created by Mr. Rocky Thompson's art students. The festival celebrates the spirit of spring after a long cold winter. Students' jewelry, paintings, drawings, pottery, and sculptures are sold to help pay for art supplies.

CHORALEERS

We, the Choraleers, sixteen strong, meet each and every Tuesday night. Our sopranos are: Jeneen DiBenedetto, Kate Hart, Betsy Kalber, and Heather Roymans. The Altos are: Deb Blanchard, Maureen Burns, Jen Lee, and Betsy Ullery. The Tenor section is made up of: Mark Auger, Colin Hanley, Aaron Nathanson, and Pat Porter. The Basses are: Dennis Boragine, Devin Castendyk, Dan Heller, and Shawn Palmer. Our energetic leader, Mr. Randall, guides us through it all — from Publick House performances to fabulous concerts. Many of the pictures you see here are of our Annual Retreat, on September 28-30, 1990, at Frank A. Day camp. This busy weekend included initiation of new members, football, campfires, a variety show, circle talks, NO showers, and of course — rehearsals. A great time was had by all, as these pictures illustrate. A lot of memories have been made this year. We have fummed, swallowed, spoken French, and caroled. Most importantly, we made music together, and I'm sure that memories of Choraleers will remain in our minds forever. A special good luck wish goes out to all of our seniors from the juniors. We'll miss you, Kate, Heather, Deb, Maureen, Dan, Shawn, Aaron, and Colin, Keep singing! Sincerely, Betsy Kalber

BAND

Mr. Randall not only continued his role as choral instructor, he also assumed the position of instrumental director. He and the band worked well together, despite the initial difficulties in adjusting to a new style. The band students have taken full advantage of the program, despite the lack of stability. This year's graduating band members have dealt with three different directors over a period of four years. Their flexibility was again proven by solid performances at both the Christmas and Pops Concert. The jazz band had the audience's toes, tapping with "The The Theme to Peter Gunn", "Night Train", and "The Pink Panther." Seniors Deb Blanchard, Sarah Lee, Shawn Palmer, and Dan Heller were accepted into Districts. Although there were no representatives in the All-State Band, Dan Heller and Shawn Palmer did receive All-State recs.

For the fourth year in a row, the THS marching band participated in UMASS Band Day. After playing alongside several hundred other high school and college musicians, the students returned to cheer on our football team with even more vigor. Having attended the very first UMASS Band Day, the Tribe has watched George Parks, director of the UMASS Band, spur on the program to its "UMASSive" size. Next year, seniors Charlotte Beeman, Colin Hanley, and Deb Blanchard will be participating for their fifth year, this time on a college level.

NATIONAL HONOR SOCIETY

The Tantasqua chapter of the National Honor Society was very active this year. The purpose of the group is to work together to benefit the school community in any way that it can. The group's service projects included helping out at the Ladle of Love Soup Kitchen, participation is the Toys for Tots Program, ushering at parents night and graduation, and co-sponsoring a Tantasqua 2000 breakfast in the library. In addition to participation in group projects, each member must perform one individual service project per semester. These projects included candystriping at Harrington, tutoring, sending care packages to our soldiers in the Gulf, taking part in a Hunger Walk, helping out at the Easter Seals Shootout, and organizing demonstrations at the Proposition 2 ½ overrides. rides.

SKI CLUB

The ski club is a group of skiers organized by Mrs. Heins that gets a special school group rate at Wachusett Mountain. They ski on Saturday nights, the first six weekends of each year. As well as being great exercise, the program provides students without cars with a place to get together on the weekends.

VARSITY T

Varsity T isn't one of THS's orthodox "activities" groups. They don't have meetings together, or sponsor any community activities. But they do have a common goal: to make THS sports the best in the district. Made up of every student who has earned their varsity letter, this dedicated group of athletes leaves us remembering their excellence.

The Sturbridge Community continued to show its willingness to support area children by raising the money to build a new playground at Burgess Elementary. But this wasn't going to be just *any* playground . . . it was going to be THE MIRACLE MAZE!!

What they *didn't* know was that THS students would enjoy it as much as Burgess kids.

HOMECOMING COMMITTEE

Although the Student Council sponsors the Homecoming Dance, it is organized by the Homecoming Committee. The committee chose a DJ, the music to be played, and the decorations for the gym. The student body nominated candidates for Homecoming Queen, then decided on Elisha Williamson, with Escort Jason Porter. The dance was a success, with the semi-formal attire as a preview of the elegant formal wear donned at the Prom.

In many ways, a student's social life is centered around his eating habits. As ridiculous as it sounds, just think about it! How many times have you heard things in the hall like:

"I have to tell you something later . . . at lunch?"

"So where are you eating before the Homecoming Dance?"

"I don't hafta be home until later. Wanna go to Friendly's for a Jim Dandy after the game?"

"I just can't face (insert your least favorite class here!) this morning. Whaddya say, how about a coffee run instead?"

STUDENT COUNCIL

The Tantasqua Student Council is equipped with an advisor and five officers. Mr. Laporte is the advisor, senior Sean Zukowsky is president, senior Tim Brown serves as vice president. Junior Betsy Kalber is the secretary and junior Jeneen DiBenedetto took on the treasurer's position. Senior Kelly Dickinson serves as Parliamentarian.

The Student Council has been very active this year with its numerous fundraisers and community services. There was great school participation at the Homecoming Dance (sponsored by the Student Council) and we hope that we can finish out the year with as much participation in the spirit events.

Junior Jeneen DiBenedetto was also selected as one of seven delegates on the Central District Massachusetts Association of Student Councils Board. Although the delegates have no voting power, they give input on how to run the Student Council conferences, such as deciding the theme, sponsors, speakers, and workshops.

We are sure that future Student Councils at THS will continue to serve the student body with the enthusiasm and commitment that this one has. Good luck to everyone in the future.

CENTRAL DISTRICT MASSACHUSETTS ASSOCIATION OF STUDENT COUNCILS DELEGATE Jeneen DiBenedetto

Hard economic times in Massachusetts were immediately reflected by the difficulties encountered in acquiring funds for our school budget. It required several town meetings and Proposition 2 ½ override votes to support THS with additional local aid. Several seniors, including Becky Bennett, Sarah Lee, Lori Jensen, and Shawn Palmer, spoke at these town meetings to convince the taxpayers that our school needed their help. Other students, organized by NHS, demonstrated at the final override meetings to voice their concerns.

SCIENCE CLUB

The Science Club is an organization devoted to preserving our environment and understanding the world we live in. They have weekly meetings during lunch, monthly after school meetings and go on several field trips a year. This year they instituted a paper recycling program in the school.

MATH TEAM

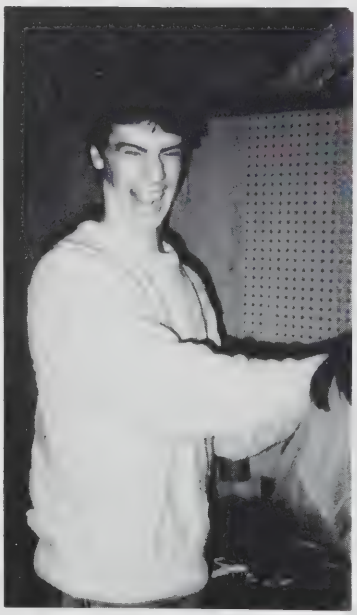
The math team is a group of students that meets four times a year to compete against other high school teams in the Wocomal Math League. Under captains Rodney Lukowski and Jeremy Sutka the team flourished, keeping its position in Division A, and even placing third at one of the meets.

BUSINESS CLUB

The Business Club consists of several students headed for careers in business. They hold fundraisers to sponsor speakers from local companies and go on trips to business colleges. The Business Club shows its generosity by participating in a Leukemia prevention type-a-thon.

BUSINESS CLUB OFFICERS
Treasurer Jeanne DeFalco, Secretary Amy Servant, Vice President Erika Woods, President Suzanne King

The student parking lot in the spring is enough to make students almost want to ride the bus to school. Who would forget squooshing through the mud puddles in their clumsy duck boots, trying to make it before the last homeroom bell? Then, if you've somehow survived the track without either losing or completely soaking your shoes, there's THE HILL. And I challenge anyone to make it up without hitting an ice patch and spilling their cup of Fred's coffee all over their favorite shirt.



Shawn Palmer and Kelly O'Conner gave their opinions of the student parking lot.

This is the Time to Remember . . .

CLASS OFFICERS

Each class's officers work together with the Student Council to represent the student body, but with more emphasis on their own class. The officers also work with their faculty advisors to raise money for the class trip and other class expenses. This year's senior class is using the money it has raised to travel to Holiday Hill Resort in Connecticut, and to hold a senior banquet at the Sheraton. Each graduating class also traditionally leaves a gift to the school. Last year's class donated their leftover money to help pay for Mrs. Phillip's salary in the school's time of financial crisis.

"A man severe he was, and stern to view;
I knew him well, and every truant knew;
Well had the boding tremblers learn'd to trace
The day's disasters in his morning face;
Full well they laughed . . .
At all his jokes, for many a joke had he;
Full well the busy whisper, circling round,
Convey'd the dismal tidings when he frown'd'
Yet he was kind; or if severe in aught,
The love he bore to learning was in fault."
— Oliver Goldsmith

PROM COMMITTEE

Last year's prom was organized by a very capable Prom Committee. They rented out the Spencer Country Club and hired a DJ to get the songs cranking. The women in sequins and lace and the men in sharp tuxes hardly seemed like the same jean-and-sweatshirt clad teens that we are every other day of the year.

This year's prom is sure to be just as memorable. The new committee rented out Mechanics Hall in Worcester and has long been planning the rest of the evening's activities.

SADD

The Tantasqua chapter of Students Against Drunk Driving is still growing, but this year they, advised by Mrs. Walter, accomplished more than ever! This winter, SADD sponsored an assembly with speaker and national representative Robert Aptaker. Red ribbons were distributed before Christmas to remind drivers not to drink and drive, a chain of life was made with students' names on each link, and several SADD fundraisers supported these activities. Next year, members will have a solid foundation to continue building on.

YEARBOOK

You're holding our work in your hands. Enough said?

Editor Lori Jensen would like to extend her thanks to some of the people that made her job easier: to Amie Sutherland and Jacqui Croteau for their outstanding work on the senior section, to Kelly Sullivan and Tom Robinson for taking on the underclassmen section for the second year in a row, to Betsy Kalber for being a willing and able assistant, to Tim Brown for sticking with her all the way, to Mr. Dube and Mr. LaBelle for a great first year as advisors, to Becky Bennett for lending her Gizmo the typewriter so many times, and finally to Mr. Bombard for continuing to give her the reassurance and support she needed.

SADD

BACK ROW: Becky Bennett, Mariana Ducatte, Deb Young, John Richardson, Julie Abair, Cathy Dionne **FRONT ROW:** Kelly Sullivan, Maureen Burns, Rhonda Garber, Karen Servant, Denette Blackburn

Each year, NHS must raise money to fund their induction banquet, to sponsor two scholarships, and to donate to any other community causes. This year the group held two carwashes, a bottle drive, a pancake breakfast, and a spaghetti supper. The dinner, held at the Sturbridge Lions Club, was a success thanks to the students' overwhelming cooperation and the generous assistance of parents and local restaurants.

AMERICA AT WAR

JANUARY 16, 1991

The Berlin Wall crumbled without bloodshed after dividing East and West Germany for decades. Nelson Mandela was freed from a South African prison after serving 27 years as a political prisoner. Mikhail Gorbachev introduced "Perestroika" and "Glasnost" as he made sweeping reforms across the Soviet Union. The Cold War came to an end as the relationship between the United States and the Soviet Union turned into one of cooperation.

The end of the eighties seemed to signal the end of conflict in many areas of the world. Although there were still some troubled spots around the globe, many looked to the nineties as a decade of peace and healing.

On August 2, 1990 Saddam Hussein of Iraq invaded Kuwait.

Saddam Hussein, whose name translates as "one who confronts" threatened the invasion on July 17. Our feelings of peaceful optimism disappeared as the person U. S. News and World Report magazine labeled "The World's Most Dangerous Man" sent 100,000 troops into Kuwait.

- Aug. 3, 1990. The United Nations Security Council denounces the attack on Kuwait and orders world-wide economic sanctions against Iraq.
- Only a few days after the brutal attack on Kuwait, Iraqi troops move toward Saudi Arabia's border.
- As a total of 28 nations come together, Operation Desert Shield is born. Allied forces include the U.S., Italy, England, Egypt, Kuwait, Saudi Arabia and Canada.
- Aug. 6, 1990. President Bush commits U.S. forces to the Saudi Arabian desert. Demonstrations in support of troop deployment to Saudi Arabia, and against it, fill streets in America and abroad.
- Aug. 28, 1990. After pleas are made from around the world, Saddam Hussein releases the women and children hostages he held.
- Nov. 29, 1990. The United Nations Security Council gives Saddam Hussein 47 days to unconditionally withdraw from Kuwait. This order sets the Jan. 15 deadline.
- Dec. 6, 1990. Saddam releases hundreds of Western hostages.
- Nineteen hours after the deadline, the night of Jan. 16, 1991, the liberation of Kuwait begins with massive air attacks on downtown Baghdad and occupied Kuwait. Operation Desert Shield becomes Operation Desert Storm.
- Hours after the war begins, in an attempt to break up the U.S. led coalition, Saddam releases his first Scud missiles at Tel Aviv, Israel.
- In Israel's defense, America quickly sends Patriot missiles to knock out the incoming Iraqi Scuds. The Patriot's performance proves to be exceptional.
- Two weeks into the war, Saddam Hussein violates *The Third Geneva Convention* by parading allied prisoners of war on television. The battered men make statements condemning Allied attacks on "peaceful Iraq."
- Feb. 2, 1991. Saddam torches oil fields and releases more than 6 million barrels of crude from Kuwaiti tankers and offshore terminals (12 times more than the Exxon Valdez spill) in a failing attempt to ward off an amphibious attack and endanger Saudi Arabia's water supply.
- Feb. 21, 1991. Soviet diplomats meet with Iraq's foreign minister, Tariq Aziz, in an effort to draw up a cease-fire proposal that meets the conditions of the United Nations Security Council.
- Feb. 22, 1991. President George Bush, reaffirming United Nations Security Council resolutions, gives Saddam Hussein less than 24 hours to get out of Kuwait or risk ground war.
- Feb. 23, 1991. The ground war attack to liberate Kuwait is launched. Over 20,000 Iraqis surrender in the first 36 hours of the confrontation.
- Feb. 25, 1991. An Iraqi Scud attack on Saudi Arabia kills 28 Americans and injures over 100.
- Feb. 26, 1991. Kuwaiti Government Officials declare Kuwait liberated.
- Feb. 27, 1991. President Bush orders a cease-fire exactly 100 hours after the beginning of the ground war assault. America suffers 292 casualties, 9 Americans become prisoners of war and 27 planes are lost. Of Iraq's 400,000 troops, 300,000 are taken from action, while 3,008 tanks and 140 planes are destroyed.

Operation Desert Storm was a war similar to wars of the past. Yet it was a war unlike any previous war. Operation Desert Storm added a new dimension to the term "war." Never before had there been laser-guided missiles; never before had women served in a military capacity on such a large scale; and never before had the United States gone into war with an all-volunteer force.

Because of the "smart" weapons being used in Operation Desert Storm, some called this the "Nintendo" war, while others referred to it as "Star Wars." In any case, the comparison was clear. This would be a war of sophisticated technology. The use of high-tech weapons would determine the victor.

The Apache AH-64 helicopter, the M-2 Bradley and the Abram tank all made their debut as a new generation of weaponry. The Apache brought with it the laser-guided Hellfire missile that illuminated targets with a laser beam before destroying them. The 20-foot-long Tomahawk missile (smart bomb), made with small jet engines and on-board computers, was said to have a mind of its own. Programmed by an inertial guidance system, the Tomahawk could fly over 500 miles per hour. By using sensors and gyroscopes to measure changes in direction, it could be fired from a ship or submarine 1,500 miles from its target and hit it with unnerving accuracy. The Patriot missile was said to be the backbone of defense artillery. Many doubted the capabilities of the Patriot; the thought of a bullet hitting another bullet was simply unimaginable. However, like the other sophisticated weaponry used, the Patriot proved exceptional.

This conflict was unlike any other in recent history for more reasons than just the use of high tech equipment and the presence of women in military roles. Perhaps the most unique thing about Operation Desert Storm was the use of the National Guard and Reserves. Many joined these organizations for patriotic reasons, while others joined to help pay for a college education or gain job experience. It was fairly safe to assume that few ever imagined that they would end up involved in a Middle-East war.

The most frightening aspect of the conflict with the Iraqi troops was the constant threat of chemical and biological warfare. No other leader in recent history had been as threatening in this respect as Saddam Hussein. Throughout the conflict military forces and civilians scrambled to get into gas masks as air raid sirens sounded. Iraqi missiles were frequently aimed at heavily populated military and civilian locations in Saudi Arabia and Israel. Precedent had shown that Hussein would not hesitate to use chemical and biological warheads.

While facing this threat, the troops involved in Operation Desert Storm had the support of the entire country. And while many may have questioned the motives behind the conflict, none questioned the valor of those who served.

THE IMPACT OF THE WAR

The impact of Iraq's invasion of Kuwait was first felt by Americans at the gas pumps. Gasoline prices skyrocketed immediately after the invasion. The inflated prices were only temporary, however, and by the beginning of the ground war on February 23, gasoline prices averaged five cents a gallon less than the day before the invasion.

As the days dragged on with Iraqi forces still in Kuwait, people began to fear more than high fuel prices. When President Bush committed U.S. forces to the Middle East, the conflict hit home. Saddam Hussein had not only invaded Kuwait, but he had also invaded American homes. Men and women who had never imagined going to battle were sent to the Saudi Arabian desert. Suddenly this was our war. Our fathers, mothers, husbands, wives, siblings and friends were leaving the safety of home and traveling to the Middle East. Children were being left with relatives and friends as both parents were assigned to Operation Desert Shield. Reservists and National Guard members were being called upon to take an active role in the effort to free Kuwait.

As more and more civilians were being sent to the Middle East, we remembered hearing about the draft during the Vietnam War. If this conflict dragged on would the draft be reinstated? Would we be called on to go to war half a world away?

We held our breath with every news report. Months dragged by as the world waited for economic sanctions to force Iraqi troops out of Kuwait. We waited anxiously as the January 15 deadline passed. Just as the generation before us remembers JFK's assassination, we remember where we were on January 16 when we heard that the war had started. We watched in horror as Iraqi television broadcast footage of brutalized allied POWs. We stared in disbelief as the ecological balance of the Middle East was deliberately destroyed by an oil spill and oil fields that had been set ablaze. We were constantly amazed by reports of atrocities that were reported by eyewitnesses from Kuwait.

While we worried for our loved ones and friends in the Middle East, an amazing thing happened here at home. Patriotism reached an all-time high. American flags were everywhere. The country was covered with many yellow ribbons, our symbol that our thoughts and prayers were with our fellow countrymen in the Saudi desert. Not everyone agreed that we should be involved in the Middle East conflict, but nearly everyone supported the men and women who were part of the allied coalition.

The impact of Desert Storm will be with us for years to come. We will remember the waiting, the fear, the sorrow and the patriotism. We will remember how it felt to be part of the most serious conflict since Vietnam. We will also hope that this will be the only war story that we will have to tell our children.

OPERATION DESERT STORM

AMERICA WELCOMES BACK THE HEROES OF DESERT STORM

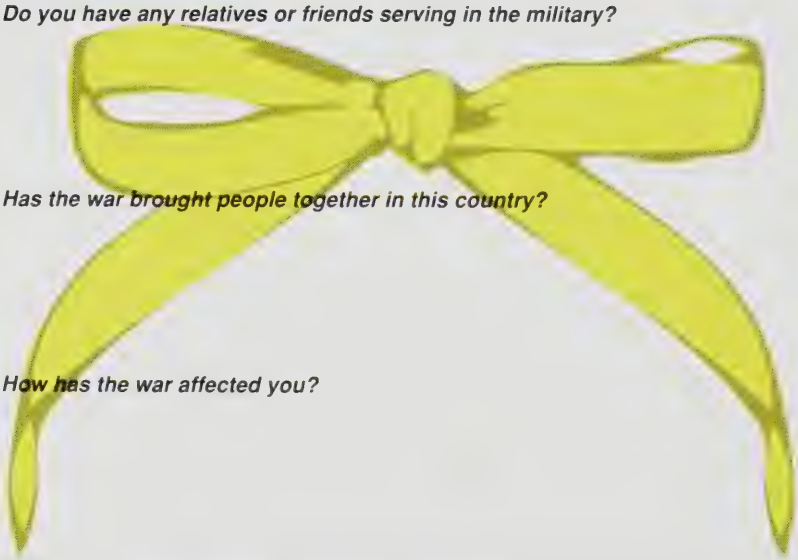
On February 27, 1991, President Bush ordered a cease-fire exactly 100 hours after the beginning of the ground war assault. Kuwait was liberated. The mission of the allied coalition was complete.

The American people are proud of their military. It was time to concentrate on the safe return of the men and women of Operation Desert Storm. The removal of U. S. forces from the Gulf was predicted to be complete within six months.

My Thoughts About Desert Storm

What were your hopes and fears when you heard about the beginning of Operation Desert Storm?

Do you have any relatives or friends serving in the military?



Has the war brought people together in this country?

How has the war affected you?

What is your prediction for the future of this area?
